## I'M IN LOVE...

With the many hiking trails including the Indian Canyons. I have a lot of good memories of my parents taking us to the Indian Canyons for the day when we were kids. Also, when you drive through uptown and downtown, not two buildings are the same. I have lived here most of my life and it still seems that every time I walk or drive Palm Canyon and Indian Canyon, I see a building I don't remember seeing before.”
